

# 2023 Bye Week Worksheet

## Benefits of this Cheat Sheet

1. Seeing which teams are off, instead of using a grid & searching for Bye Weeks
2. A way to make sure you are not drafting too many players with the same Bye Week
3. A way to make sure you are not drafting the same position players with the same Bye Week
4. A single piece of paper that will take fewer than 5 seconds to check when you are on the clock

Simply print out a copy and then on draft day, after you draft your first player, find his team, go down to his position and put an 'X' there. As you draft, then simply keep filling in 'X's as you go. Then simply refer to your sheet before each pick to double-check.
